RED CROSS TO GATHER SMOKES FOR SOLDIERS

The boys on the border need smoking supplies to keep them cheerful, and the supply is reported to be getting mighty low. The pipe of peace is absolutely essential down there to keep peace under unaccustomed conditions, and the local Red Cross cannot see why any boy should be carrying an empty tin box in his hip pocket for sweet memory's sake when it would be so easy for them to send him a full one.

The Red Cross committee on smokes is composed of Mrs. L. C. E. Estlin, chairman, Mrs. Lucy D. Oldham, Miss Beatrice Milsap, J. T. Whitney and Harold Goldberg. As soon as the organization is completed in the other towns of the county a member of this committee will be appointed in each town to receive donations of smoking supplies. It is hoped that there will be enough not only for the Arizona boys but for our guests on the border as well.

Prince Albert, Tuxedo, Camel cigarettes and Little Bobbie cigars have been found in high favor among the troops, but any kind of smoke so long as they are good smokes, and we'll take your word for it—will be welcome. Pipes are also in demand. If you are too busy to do your own shopping, cash is just as acceptable, and the committee will do the shopping for you. All donations should be sent to the Red Cross Smokers' Committee, Chamber of Commerce, Phoenix. A member of the society is right there every day, ready and waiting.

CITY REST ROOM IS MOST COMPLETE

The new city rest room and comfort station has been opened but a few days, but its usefulness and practicality has already been demonstrated. As the women of Phoenix and of the surrounding country become better informed as to the real purpose and advantage of this newest of institutions, its popularity will materially increase.

Mrs. E. H. Abbott is in charge of the building, which is open from 9 o'clock in the morning until six o'clock in the afternoon. The building, located in the basement, are open at all times.

The rest room proper presents the most complete arrangement of three rooms on the first floor. There are abundance of easy chairs, divans and tables. There is a telephone, an electric fan and every possible convenience. Later books from the public library will be added. One of the rooms is equipped with little white iron cribs, where tired mothers may place their children while enjoying a period of rest in the adjoining rooms.

In the basement is located a retiring room where the woman from the country may have seclusion while changing her dusty clothes for others so that she may appear clean and cool upon the street. There are more cribs here for the little ones. There is a dressing table, hot and cold water, paper towels, and other conveniences. Across the hall is a little kitchenette where the babies' milk may be warmed or other light food prepared.

Facilities may be checked in the rest room without charge, stationary is provided, the telephone service is free. In the hall, the Phoenix rest room and comfort station, for which former Mayor George U. Young fought so long and earnestly, is all that it promised to be and a little more. It is a boon to the women of Phoenix and the Salt River Valley.

HUNDREDS OF AUTOS VISIT THE YOSEMITE

(Special to The Republican)
CAMP CURRY, Yosemite Valley, Aug. 13.—More than 2700 cars of ninety-seven different makes, carrying licenses representing nearly half the states of the union, entered Yosemite National Park before August first this year. Private automobiles have carried more people into the park this season than all the railroad and motor transportation companies combined.

With the ocean west and the desert east, Californians "see America first" by traveling the roads of their own state, by far the largest proportion of travel to Yosemite is from California points. Since the opening of the Tioga road, Nevada has climbed to second place, Arizona comes third, Oregon and Hawaii tie for fourth, and even far-away Maine is represented.

The classification according to makes places among the ten leaders to cars at both extremes of the price list. The "big ten" comprise nearly two-thirds of the private automobile travel to Yosemite. The Ford holds the lead with 485 cars. The Buick comes second with 237, and the Cadillac with 212 is a close third. The next seven makes in the order of their standing are Studebaker 195, Overland 171, Dodge 125, Hudson 58, Packard 73, Hupmobile 60, Pierce-Arrow 56.
